Nigeria: Dalo Prays for Himself and Others

Dalo

Eight-year-old Dalo had to go to a hospital in Nigeria, where workers helping persecuted Christians visited him. Dalo's nurse told the workers that Dalo arrived at the hospital praying, and that he continued to pray during his stay.

What did Dalo pray for?

Dalo prayed that God would heal him.

Dalo was injured a few weeks ago when a group of Fulani tribal fighters attacked Christian villages in Nigeria. More than 10,000 people were forced to leave their homes.

Dalo also asked that we pray for others who were injured in the attacks.

And Dalo is asking God to forgive his attackers.

Missionaries reported that thousands of Fulani tribal people have left Islam to follow Jesus. (Islam is the religion of Muslims.)

Please join Dalo in his prayers. Pray that many more Muslims in Nigeria will trust Jesus as their Saviour.
